INSTITUTIONAL INFORMATION

And Transferability of Units and Certifications

The Alchemy Institute of Hypnosis (AIH) is a private institution, owned and operated in California by David Quigley since 1984. Over the years, David has mentored the establishment of approved Alchemical Hypnosis trainings in several other countries including Japan, Norway, New Zealand, and France. For details of the programs offered in Santa Rosa, CA see pages 8-12.

The practice of hypnotism is a self-regulated profession in the USA thus no licensing is available or required. Our programs and instructor are approved by **The National Guild of Hypnotists, Inc.** The NGH is a not-for-profit, educational corporation in the State of New Hampshire. Initially founded in Boston, Massachusetts in 1950, the Guild is a highly regarded professional organization comprised of dedicated individuals committed to advancing the field of hypnotism. The Guild is a resource for professional hypnotists and hypnotherapists and a vehicle for legal and legislative action. Each year the NGH holds an extensive educational conference which is attended by hypnotists from all over the world. For many years David Quigley has been a Faculty member at the NGH Annual Convention; in 2010 he was awarded with the Order of the Braid in recognition of a lifetime of outstanding achievement, dedication and service.

The Alchemy Institute of Hypnosis is authorized to issue Continuing Education Units by **National Guild of Hypnotists Board of Registered Nursing**

Continuing Education Units issued by AIH are honored at many fine hypnosis schools and organizations world-wide.

NOTE: Services provided by hypnotists and/or hypnotherapists do not include the practices of medicine or psychology. California law does not prohibit an unlicensed person from utilizing hypnotic techniques under the following circumstances:

- a. By referral from persons licensed to practice medicine, dentistry or psychology
- b. When offering a self-help or self-improvement service

Professional training programs are offered at least four times yearly. The educational content of the programs has undergone extensive enrichment throughout the years, ensuring we always provide high quality course content that is current and effective.

1. The Director attends educational conferences, conventions and seminars as often as possible; usually at least twice yearly.
2. The Director personally implements all techniques and protocols in his own professional private practice, with approximately 800 client hours yearly.
3. At the conclusion of each training or semester and based on the feedback from graduates, the training assistants and the instructor, changes are made as required to ensure all concerns are addressed and resolved.
4. The training materials are reviewed thoroughly and updated or enriched as required prior to each semester or course.
5. Other program planning tools and indicators include the following:
 - The evaluation of student test results (both written exams and oral demonstrations)
 - Strong professional affiliations keep us abreast of industry standards and best practices. Our programs and instructor meet or exceed the annual criteria for approved instruction from the National Guild of Hypnotists and AIH is an active member of the International Medical and Dental Hypnosis Association.
 - AIH strictly follows all state law, regulation and policy set by the California Board of Education and the BPPE, Bureau for Private Postsecondary Education.

ABOUT ALCHEMICAL HYPNOSIS

The Alchemy Institute of Hypnosis was founded for the purpose of preparing students to work as Alchemical Hypnosis Practitioners, Consulting Hypnotists, Professional Hypnotherapists, Somatic Healing Practitioners, Seminar Leaders, Group Process Facilitators and Clairvoyant Healers. Our students come from all backgrounds, cultures, and lifestyles. As the latest incarnation of the ancient mystery schools of Alchemy, we return to the Earth an ancient and powerful spiritual tradition of working with inner guides, inner teachers, healers, in altered states of consciousness. We initiate students into these mystical arts and empower them to take those skills into the lives of everyone their hearts can touch, as a successful and professional hypnosis practitioner.

What is Alchemical Hypnosis? Alchemy has traditionally been associated with the transmutation of base metals into gold. The ancient Alchemists made clear in their writings that the substance of their transformation was the human soul. Their goal was the transmutation of the base metals of human emotions and instincts within the subconscious mind into the gold of physical vitality, mental and emotional health and self-realization. The vehicles of this transformative process were the Archetypes, the Inner Guides. Thus Alchemical Hypnosis can be defined as the spiritual discipline of working with Inner Guides. These powerful and autonomous beings live within the subconscious mind and can guide us effectively to health, happiness, loving relationships, prosperity, and most important, the fulfillment of our spiritual purpose! These Guides can be accessed through the hypnotic state.

Alchemical Hypnosis is a therapeutic process designed to assist the client in working with their Inner Guides to change their lives. It was developed by David Quigley, the founder of the Alchemy Institute of Hypnosis in 1983. This work synthesizes techniques from many modern schools of Transpersonal Hypnotherapy and Psychology. It includes Gestalt, Regression Therapy, Neuro-Linguistic Programming (NLP), Psychosynthesis and Shamanism with the ancient science of Alchemy as translated and channeled to the modern world by Dr. Carl Jung. It includes all the following processes:

- The rescue of the inner child from past trauma, neglect and emotional pain.
- Providing the inner child with new loving parents and the experiences of a nurturing childhood.
- Strategies for contacting, testing, and working with the Inner Guides (archetypes).
- Contacting past-life memories within the collective subconscious to tap creative abilities, resolve trauma, change karma and alter contracts with significant others.
- Integration of sub-personalities (different voices within ourselves) to resolve conflicting desires and goals. This leads to the unification of the will allowing us to achieve our goals.
- Healing the physical body of disease, pain and trauma as an adjunct to medical treatment, utilizing touch, bodywork, energy work, movement and the power of the inner healer.
- Accelerating our evolution through the unique power of group process, ritual and ceremony.
- Opening and developing our channels of inner healing and wisdom to become clairvoyant and psychic healing practitioners

Alchemical Hypnosis can be defined as the spiritual discipline of working with inner guides.

ADMINISTRATIVE AND ACADEMIC INFORMATION

Admission Requirements

For admission to any program, participants and students must complete an application form and:

1. Demonstrate fluency in the English language during a short interview.
2. Indicate their good physical, mental, and emotional health.

Students from other countries are welcome; however please note that we do not provide visa services. The fee for providing potential students with a letter of Enrollment Confirmation is \$150.

Courses are taught in English. Proficiency to read, write and speak in the English language is assessed during the application and interview process. The pace of our training is intense and is both academically and experientially rigorous.

Attendance Requirements

Classes run from 9:00am to 6:30pm. Students are expected to attend all classes on time and to bring necessary study materials to each class. Since classes begin on time, class material will not be repeated in order to accommodate student tardiness. When absence or tardiness is unavoidable, the student should inform the instructor in advance if possible, and arrange with a fellow student to discuss missed work and to get copies of notes and recordings.

Successful completion of a certification program requires that make-up classes or tutoring be required at extra cost if more than 9 hours of class time are missed. All tutors must be AIH approved. Certification will be withheld until all attendance requirements are met.

Leave of Absence

If for any reason a student must be absent from classes for more than 18 hours (2 days): in order to complete course requirements the missed classes must be attended at a subsequent training program, at no additional cost to the student. A discussion with the Instructor and the Program Director is required to organize either attendance at make-up classes, or tutoring.

Auditing

Courses offered by AIH may be audited by graduates of approved Alchemical Hypnosis training, on a space available basis and with consent of the school administrator. The fee for auditing is \$100.00 per day. Auditors are given every opportunity to give and receive practice sessions, although priority is generally provided to first-time students.

Ethical Standards

The highest standards of personal integrity are expected of staff and students, at all times.

Students and staff:

- Have a solemn duty to maintain confidentiality. Together we form a safe container to do our work. To that end there is to be NO sharing – ever – of a student's process outside of class or small group practice sessions, without permission from the student.
- Always participate in a respectful way. Students are patient with each other as new student therapists, and listen closely to the help and advice of assisting staff.
- Do not to practice any form of discrimination on the basis of race, ethnic culture, age, sexual orientation, gender, marital status, religion, national origin, political belief, physical handicap, or any other characteristic or personal condition.
- Uphold a professional relationship with each other and do not engage in physical abuse, hugging or touching in an erotic way or any other sexual activities.
- Have a responsibility always to promote the dignity, privacy, autonomy and safety of all class members.
- Treat everyone with respect. If a problem exists, it will be presented clearly and quickly.

Dismissal Policy

Students can be dismissed without refund for the following reasons:

1. Abusive or disruptive conduct that disrupts the learning environment.
2. Violation of ethical standards of our program.
3. Student's emotional processes jeopardize the physical or mental health or the safety of the group.
4. Student fails to perform the processes outlined in the lecture according to a minimal standard established by the instructor.
5. Excessive absence or tardiness in the program.
6. Student unwillingness to experience working on their own issues using the Alchemy process.
7. Violation of confidentiality or other ethical standards of our program.

Evaluations and Tests

It is the responsibility of each student to participate in practice sessions both as a therapist and as a client during small group practice in class. It is the student's responsibility to see that these sessions are evaluated and recorded on the student evaluation form by the assistant supervising the practice session, at the exact time that the session is performed. If these evaluations are not completed during the training, the additional cost of procuring such supervision will be absorbed by the student. 75% of the total evaluations must indicate '*doing fine*' or '*super*'.

Exams will be administered. A passing grade of 75 points is necessary in order to qualify for certification. Several hours of study are suggested. If a student has a learning disability, the student needs to inform the AIH Administrator prior to admission so that alternate arrangements can be made. In the case of a student failing an exam, an alternate exam may be made available at the student's expense if their in-class performance is deemed adequate by the instructor. The cost for the alternate exam is \$50.00.

Students may schedule an appointment with the instructor to discuss their progress in the program at any time.

Recording

It is permissible for a student to record lecture material during the course of the training. **NO** recording of demonstrations or practice sessions is allowed without the express permission of the student. Reproduction or sale of recorded material is prohibited.

Instructors

David Quigley is the primary instructor for this training. Alternate guest instructors may teach up to one third of the training program depending on their expertise in specific areas and the demands of David's calendar.

Guest instructors meet the high standards of our teaching requirements and are selected for their ability to enhance the instructional quality of our training program. It is our belief that these instructors add to the quality of our program by providing diversity and expertise in style and specialization. These instructors will be introduced on the first morning of class, when possible.

Discounts

Tuition can be paid up to and including the first day of any class.

Early payment tuition discounts: Full payment of tuition 3 weeks in advance entitles the new student to a discount of 10% off the amount of tuition. This is our standard policy and it applies to all single courses and to all programs. Some exceptions may apply, for example when another discount is already in effect, or if the applicant is an auditing student. (The usual refund policy applies – see page 7.)

A discount of 20% off tuition is available when registration and payment in full is completed 3 months in advance. This discount was initially conceived to assist out of town students. It is now open to everyone. The usual refund policy applies. Contact our office for more info.

The first five students to complete their registration in advance receive a special early enrollment bonus: free membership in the Practitioner Success Program (see page 17). Value: \$450.00

Couple's discounts: Couples who enroll in our professional training at the same time each receive an additional \$100.00 off the tuition of each program. (Up to \$200 each off, for both.)

Group discounts: "Bring 3, the 4th comes for free". When four or more students enroll as a group, one tuition payment is waived. Or, the savings can be divided among the registrants, reducing the total cost evenly for each of the four people.

Loans

Should a student wish to finance their tuition themselves, we accept all major credit cards, debit cards, checks, money orders and Pay Pal remittances. If a student procures a loan from any source, the student is responsible for paying that amount plus any interest, less any refund due.

Payment plans with AIH: Available to qualified students registering for one or more programs of at least 90 hours duration. Terms: Student pays a lump sum up front, and agrees to pay the balance in monthly installments over a reasonable period of time. No interest is charged, however a non-refundable administration fee of \$99.00 per program applies. Call our office to inquire.

The Alchemy Institute of Hypnosis does not participate in federal or state financial aid programs.

Scholarships – reduced tuition amount

Financial aid in the form of a “scholarship” is provided on the basis of merit to students who are granted admission to the program, and who meet certain qualifying criteria. The “scholarship” candidate is required to provide the Program Administrator with documented evidence that supports their limited ability to earn an income due to significant involvement in charitable work during the previous 12 months. Income tax records and letters of recommendation may be requested. At most, one “scholarship” of \$1,000.00 off tuition may be granted per training session to the first qualifying candidate. The Alchemy Institute of Hypnosis does not receive any tax benefit through this process; our intent is to endorse charitable contributions that others give to their communities.

Student Records

Student records are retained for ten years at the Alchemy Institute of Hypnosis offices. Upon written request a student may obtain a copy of their Transcript in print or electronic format, for a \$25 processing fee plus postage or shipping.

All student files including electronic records are strictly **confidential** thus access is limited only to Institute staff with a legitimate educational or administrative interest in the file. Student files are not shared with anyone outside of our staff without the written permission of the student, except as required by law.

Class Lists are distributed to students who attend the class. The Class Lists may contain personal information such as name, address, telephone and email address. If a student wishes to be excluded from the published Class List, a written request must be received one week prior to the first class.

Students have the right to request and review the contents of their records. Upon receipt of a request to review a student file, our staff will arrange for access and notify the student of a time for the file review in our offices. Copies of file documentation can be issued to the student upon payment of an administrative fee of \$2 per page, or \$10 minimum. Our usual service standard is to handle all such requests as quickly as possible and within 20 business days.

Student Rights and Grievances

All **grievances** are handled by the Director, David Quigley, and should be addressed in writing, with a copy kept by the party initiating any complaint. Student issues and grievances are considered seriously and promptly, and in strictest confidence.

Refund Policy

Signed and written notice is mandatory; students do not have the right to withdraw just by telephoning or emailing the Institute or by not coming to class. The student is required to mail or deliver a signed and dated written notice within 48 hours of their last attendance in class to: *Alchemy Institute of Hypnosis, 567-A Summerfield Rd, Santa Rosa CA USA 95405.*

If notice of withdrawal is made before the first day of class, the refund is 100 percent less the non-refundable portion of \$250.00.

No refund is payable when a student is dismissed. (See "Dismissal Policy" above).

Students may receive a pro rata refund if they withdraw after their training begins and prior to attending 59 percent of the scheduled period of attendance. No refund is payable to students who have completed 60 percent or more of the scheduled period of attendance.

The Alchemy Institute shall issue refunds within 45 days of receiving a student's notice of withdrawal.

The student may not receive both a refund and full hourly credit.

David Quigley BA, CH is the founder and creator of Alchemical Hypnosis (also known as Alchemical Hypnotherapy), the Director of the Alchemy Institute of Hypnosis, and the primary Instructor of our programs. David graduated from Duke University in comparative religion and transpersonal psychology, and he received training in hypnosis from the Hypnotherapy Training Institute in Corte Madeira, CA. In 1983, David created the synthesis of powerful therapeutic techniques now called *Alchemical Hypnosis*, using techniques from Gestalt, Jungian Visualization, and Hypnosis to achieve rapid clearing of personal problems, elimination of negative habits, and the recovery of one's full potential as a spiritual being. In addition to his busy private practice, David has been training professional hypnotherapists since 1984, teaching throughout the United States and around the world, has spoken at the United Nations Enlightenment Society and at numerous hypnotherapy conferences worldwide. He is the author of *Alchemical Hypnosis - A Manual of Practical Technique* and *The Alchemy of Healing*. David Quigley is widely regarded as a leader in the field of hypnosis education, and has mentored the establishment of Alchemical Hypnosis training programs in educational centers in the United States and many other countries. See the website for testimonial information and student success stories. www.alchemyinstitute.com

David Quigley is the primary instructor at the Alchemy Institute of Hypnosis. When a substitute is required, a qualified instructor will lead the class for no more than one third of the training.

All **guest instructors** or substitute instructors are hand-picked by David. They are experienced teachers in their own right and highly accomplished in their fields. Our Faculty practices what they teach.

As scheduling allows, we will invite a guest instructor to present an advanced elective class, a workshop or a practicum in an area of their specialty.

Faculty must maintain current membership with a national hypnosis or hypnotherapy association, to whom they submit documented evidence of ongoing and updated training in the field of hypnosis therapy. Additionally, they are proven and accomplished in classroom management and other teaching related criteria.
